Sleepy Lavender Owl Sachet (7")

Intermediate

18 cm

3-5 hours

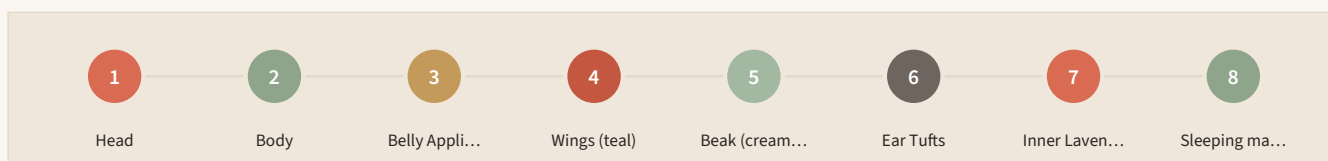

Overview

A cute 7" amigurumi owl sachet worked in DK weight yarn with a removable lavender drawstring pouch. Includes a tiny removable sleeping mask that doubles as a hanging loop — exterior washable, pouch removable for dried lavender.

Difficulty Intermediate**Size** 18 cm**Time** 3-5 hours

What you'll make

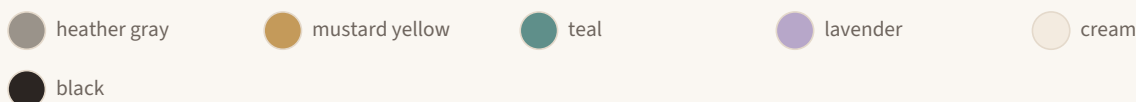

Crocheted components

1. 1 × Head
2. 1 × Body
3. 1 × Belly Appliqué (mustard yellow)
4. 2 × Wings (teal)
5. 1 × Beak (cream or yellow)
6. 2 × Ear Tufts
7. 1 × Eye details (embroidered or safety eyes)
8. 1 × Inner Lavender Pouch (removable)
9. 1 × Sleeping mask with hanging loop (mask doubles as loop)
10. 1 × Assembly and closing pieces

Materials

Color palette

Yarn

- Main: DK weight heather gray (approx 50 yds)
- Belly: DK weight mustard yellow (approx 15 yds)
- Wings: DK weight teal (approx 10 yds)
- Pouch: DK cotton or cotton-blend lavender (approx 20 yds)
- Mask: DK cream or light color (approx 5 yds)
- Details: small amounts lavender, cream, black for embroidery

Hook

3.5 mm

Notions

yarn needle, polyester fiberfill (small amount), stitch marker, safety eyes (8–10 mm) or embroidery floss for child-safe version, small

Gauge: not critical; work tight (small gap between stitches) so stuffing and dried herbs do not show.

Abbreviations (US)

MR	magic ring	ch	chain
sc	single crochet	inc	single crochet increase (2 sc in same st)
dec	single crochet decrease (sc2tog)	sl st	slip stitch
BLO	back loops only	fasten_off	cut yarn and pull tail through last loop
repeat	repeat the sequence that follows the specified n...	turn	turn work (for flat pieces)

Instructions

Head

Insert safety eyes or embroider eyes between rounds 7 and 8, approx 6–7 sts apart depending on placement. Do NOT insert eyes if making for a young child; embroider securely instead.

Inner Lavender Pouch (removable)

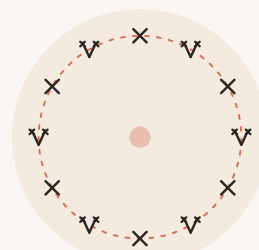

Fill pouch with dried lavender or a small sachet. Place a fabric circle between pouch and stuffing as a barrier if you use loose herbs. Use cotton or a breathable yarn for the pouch. The pouch should fit loosely inside the owl body.

Hanging loop

- Ch 15
- fasten off; weave ends. Optionally add a small snap to make mask removable

Assembly and closing pieces

See detailed assembly steps in Assembly section.

Accessory

- Assemble pieces and sew together

Assembly

- 1 Place the body and head ready for joining. If you worked head and body separately, stuff both firmly but leave an opening large enough to insert the lavender pouch.

- 2 Insert the filled removable lavender pouch into the body. If using loose dried herbs, place a small fabric circle between pouch and stuffing first.
- 3 Align the head opening to the body opening. With right sides together, whipstitch or use mattress stitch around the opening to join head to body invisibly. Stuff more if needed before final stitches.
- 4 Sew the belly appliqué centered on the front lower chest with matching thread: baste with small whipstitches around the edge so it sits flat.
- 5 Position and sew wings to the sides of the body, slightly angled toward the front. Anchor with several secure stitches.
- 6 Sew the beak centered above the belly (under where the mask may sit); secure with several stitches.
- 7 Sew ear tufts to top corners of head. Make sure both are symmetrical and firmly attached.
- 8 If using safety eyes, ensure they were installed before assembly. If embroidering eyes, do so now using secure stitches and weave ends inside.

Finishing

- 1 Weave in all ends securely with a yarn needle. Trim excess tails.
- 2 Hide any remaining knots inside the body or head where possible.
- 3 Attach sleeping mask with a small snap at two points or tuck the back edge under the beak and secure with a removable stitch so it can be taken off to reveal the face. The chain loop can be used to hang the owl as a sachet or ornament.
- 4 If you added loose lavender to the pouch, close the drawstring and tuck the pouch inside the body. Replace pouch as needed for refreshing scent.
- 5 Give a final fluff and shape the owl. Check all attachments to ensure they are secure, especially if the item will be handled by children.
